Join our group Generative AI at CUNI

Are you interested in artificial intelligence and want to actively participate in its development at our university? Or would you like to receive information about what's happening here in the field of AI? Join one (or both!) groups dedicated to Generative AI at Charles University!

Work Group on Generative AI at Charles University

We are looking for enthusiastic faculty representatives, academics, students, and other staff who would like to share their experiences with us, help create AI-related recommendations, and highlight issues related to this topic at their faculties.

	Share your experiences with AI
	Learn how AI is used elsewhere

	Influence newly emerging guidelines and recommendations
	Highlight AI-related challenges your faculty is dealing with
	Discuss questions related to artificial intelligence

Our group meets online once a month, where we discuss current topics, share ideas, and look for common solutions. It's a great opportunity to get involved in a community that cares about the future of AI and contribute your knowledge and experience.

Join us and become part of the Generative AI working group at Charles University!

If interested, please write to: alzbeta.moravcova@ruk.cuni.cz

Generative AI Newsletter at Charles University

Are you interested in artificial intelligence and would you like to receive regular updates about what's happening and planned regarding AI at the university? Subscribe to our Generative AI newsletter at Charles University!
